

Staff Impression: Rick

Rick is just shy of six feet and has a fit, muscular build. He maintains his physique with an almost daily workout comprised of cardio and weight training. Rick has almond shape dark greenish brown eyes and wavy dark brown hair that he keeps relatively short but always styled. His eyes really pop against his darker olive complexion which darkens in the sun. Rick has full pink lips and a great smile that reveal his straight white teeth. All of these physical attributes make 10245 a good-looking young man.

Rick is a very happy go lucky, always in a good mood and a great conversationalist. He takes a genuine interest in those around him enjoys friendly banter. Rick is currently a student, pursuing his degree in Accountancy with plans on earning his CPA after that. Rick dreams of being able to travel outside of the USA to explore all of the world. His desire to travel keeps him motivated towards a future goal of financial freedom. Rick has a very good relationship with his family and mostly importantly want to make sure that he takes care of his parents the way they have taken care of him. We very much enjoy having Rick in our program and expect great things from him in the future.
