

Garth Staff Impression

Garth is tall and lean, with a slender torso and long arms and legs. He has a long, oval face, high cheek bones, a slender nose, and large brown eyes. Garth has a medium skin tone with light olive undertones.

Garth was in the US Air Force after high school and served until 2013, and hopes to have a long term career in the military, mostly because of the example set by other members in his family. He has an avid interest in drawing, geography, space, astronomy, and European history. He tends to be on the quiet side and more introspective, but is very thoughtful and articulate!
