

Open Donor: Chet

Staff Impression

We refer to Chet as our blond Clark Kent. Yes, he is that good looking, glasses and all. With wavy blond hair and blue eyes, Chet stands at a tall 6'2" with a strong jawline and muscular build. He has a medium complexion that will tan with time in the sun and is normally clean shaven with short hair giving him a very clean-cut look. Chet has a regular exercise routine, consisting of cardio, weight lifting and calisthenics as well as a variety of recreational sports. He is not only extremely athletic, but also intelligent and personable.

Aside from traditional team sports, Chet also enjoys outdoor activities which has lead him to be passionate about protecting the environment for future generations. He is very proud of his academic achievements, making it further than any of his family towards obtaining a degree. Chet is outgoing and laid back with a good sense of humor, making him very enjoyable to converse with. With good looks, intelligence and a great personality, Chet is truly the "whole package" and, we believe, would make a terrific donor for any family.
