

Lyric 10606

Lyric is kind, warm, and a genuinely optimistic guy to be around. He is tall, and has calm, blue eyes, and light brown hair. We were impressed to hear that he is finishing up his master's degree in data analytics and were thrilled to hear of his new job opportunity in his career field. Lyric is a motivated and determined person, who values hard work, however, he also knows how to have fun! He is always making us laugh around the office with his witty sense of humor.

In his free time, Lyric enjoys spending time outdoors with his dog and significant other. He enjoys hiking and paddle boarding activities but also enjoys reading and watching movies in his downtime. We think Lyric is a wonderful guy and would recommend him to any family!
