

### **Journey (10552) Staff Impression**

Journey is attractive with a full head of glossy brown waves, pale green eyes, and tan skin. He has an oval face with full lips and a rounded chin. He is athletic with broad shoulders and a well-muscled chest and strong limbs.

Journey is a Computer Science student whose goal is to become a software engineer and live a modest life to save money for early retirement and travel. He is very outdoorsy and enjoys hiking, rock climbing, skiing, and traveling with friends and family. Journey is a unique combination of mature, introspective, and enthusiastically outgoing. These traits allow him to be a great listener and friend to many. We think this kind, intelligent, and well-rounded guy is a great donor option!
