

**Jalen 10601**

Jalen is a relaxed, easy-going, and intelligent guy! He has green eyes, blonde hair, and a great complexion. Jalen has a degree in criminal justice and criminology, and we were impressed to hear that he pursued a career in that field as well. His optimism and hopeful attitude are refreshing to be around, and the empathy and care he has for his community are evident meeting him. We know that he will do great things in the world!

When he is not working, Jalen enjoys working out at the gym, spending time outdoors, and catching the latest football game. Jalen is a positive addition to our program and we recommend him for any family.
