

Shelby Staff Impression

Shelby is a wonderful addition to the donor program. He is handsome, athletic, passionate and hard working. Standing at 6'4" he has an athletic physique, one you would expect to see from someone who has played sports like volleyball and baseball for most of his life. Shelby has a lovely tan complexion that compliments his thick wavy dark brown hair and matching almond shape brown eyes. He has a square jawline, highlighted by high cheekbones, dimples and full lips.

A dedicated lover of sports, Shelby obtained his degrees in sports management and marketing as well as his Master's in education. He is currently teaching and coaching youth sports. In addition to athletics, Shelby is also well traveled, having been to at least 12 countries and counting. Shelby is very driven to be successful in his present and future and hopes to continue to play sports and afford himself the opportunity to spend time with family and friends.
