

Pepper 14379 Staff Impression

Pepper is ruggedly handsome, incredibly athletic, smart, kind, and funny. He is a complete package! He has lovely large, round, green-brown eyes that stand out against his olive complexion. He has beautiful curly shoulder-length dark brown hair. Pepper has a round face, full lips, and a kind smile. Standing at 5'9", he is built like the lacrosse player he is, strong, broad-shouldered, and agile. Pepper hasn't met a sport he doesn't love; this helps him keep in fantastic shape.

Pepper received his bachelor's degree in Business Management and is currently a healthcare administration supervisor. When he is not working, he is fully engaged with his daughter and loves spending time with her, calling fatherhood "the best time of his life." We are truly grateful to have someone like Pepper in the donor program and believe he would make an excellent candidate for anyone looking to grow their family.
