

### **Yuriel 14365 Staff Impression**

Yuriel is a handsome and athletic donor with an impressively toned and athletic build. When he's not running his clothing business, working at his family's construction company, or studying for his real estate license, he can often be found hitting the gym or spending quality time hiking with his girlfriend. His work ethic and commitment to fitness are both testament to his discipline and determination.

Yuriel has tan skin and curly, dark brown hair that is cut in a stylish, closely cropped cut that frames his handsome face. His features are youthful, with full lips, tidy brows, a well-proportioned, medium-sized nose, and a square chin. We think highly of this driven and high-energy donor, and we are glad to have him in our program!
