

Open Donor: Charlie

Staff Impression

Charlie is tall and lean with big, almond-shaped brown eyes and long lashes. His brown hair goes perfectly with his fair skin. Charlie's face holds a lot of definition—high, defined cheekbones and a strong jawline. In the winter he grows a neat beard. His good looks coupled with a winning personality make Charlie a very attractive donor.

Charlie loves to travel and has visited 13 countries, and that list is growing. Charlie is curious and works hard at everything in which he is involved. Charlie also holds a lot of empathy for his fellow humans and wants to learn more about the lives of people in other countries, which is a major reason he likes to travel and explore. Charlie makes a fabulous donor.
