

Open Donor: Ivan

Staff Impression

Ivan is tall with a very muscular build, resulting from his regular weightlifting routine. He has brown eyes and dark brown hair to complement his medium skin tone that darkens with time in the sun. He keeps his face clean shaven and his hair short, but it's long enough to hint at loose curls that would show if he grew it out. Ivan always comes in with a big, wide smile that displays straight white teeth.

Ivan is a quick learner and hardworking, which we believe will lead him to do great things. He has a lot of ambition and is always striving to improve himself, those around him, and the world. He is very outgoing and caring, and when asked why he wants to be a donor, Ivan answered, "I personally want to and enjoy helping people and this is a good way to bring happiness and joy to a family by helping them have kids." Ivan is personable, caring and genuine, making him a fantastic donor.
