

### **Mariott (12178) Staff Impression**

Mariott is tall and slim with long, lean limbs. He has handsome dark features with medium skin which tans very well in the summer, dark, wavy hair, and chocolate brown eyes. His face is narrow with a prominent nose, kind eyes, and a relaxed smile that match his warm and inviting personality.

Mariott is exceptionally likable and altruistic with a humble yet charismatic personality. He is an adept conversationalist and captivating storyteller. Marriot has a well-balanced adventurous yet conscientious approach to life. Despite growing up in a family that has had to overcome much adversity and obstacles, Mariott has worked hard to achieve academic success and begin his studies at a prestigious medical school. His goal is to work in family medicine helping underserved communities. We think this well-rounded donor is a great guy and we are thrilled to have him in our program!
