

Open Donor: Earl

Staff Impression

Earl is 6'0" even and has a medium to large build with a strong upper body. He has straight, light brown hair and a full beard, both of which he keeps trimmed short. Earl has a smooth, medium complexion, bright blue/green eyes, and a strong jawline. He comes across as very friendly and outgoing, and has charming good looks.

Earl is intelligent, hard-working and sensitive. He is very altruistic, compassionate, and apt at intuiting people's emotions and feelings. Earl is inquisitive by nature, always looking to learn new things and eager to share his knowledge with others. His desire to give back to his community is likely what led him to a career in teaching, as well as motivate him to become a donor. Earl is a truly special and caring individual, and we think he'd be a great donor for any family!
