Enzo Staff Impression

Enzo is a lovely addition to our donor program. He is 6ft tall with a beautiful olive complexion that he owes to his mother's Italian heritage. He is in very good shape in part to genetics and to his natural sports abilities. Enzo is always doing something physical, whether it is playing baseball or surfing or golf, he loves to be active. He has thick and full wavy brown hair and almond shaped brown eyes. Enzo has a wide smile with bright, straight white teeth.

Enzo is a very driven individual, and he has set many goals for himself which he works very hard to achieve. He has obtained a degree in Finance and currently works as an accountant. He is focused on making a financially stable future so that he and his family can enjoy the freedom to travel and focus on kids in the future. Becoming a father is very important to Enzo. He wants to help everyone who wants children to be able to have them. This is the reason why he joined our donor program. These qualities make Enzo a great choice for anyone searching for a responsible, loving, compassionate donor.
