

Elgin 10881 Staff Impression

Elgin stands at a cool 5'11" with a solid, medium build. His hair is a wild mix of deep, vibrant red curls, always effortlessly tousled, and his beard is equally as bold. His deep brown eyes peek out from behind stylish glasses, giving off a calm vibe. A smattering of freckles dots his cheeks, adding to his appearance. And that smile? It's the kind that could brighten up even the dullest day, warm and infectious, just like his personality!

Elgin is a psychiatrist for his career and a champion for mental health 24/7. When he's not helping people find their best selves, he's likely sketching something incredible—his drawing skills are no joke! If it's spicy, Elgin's eating it, no questions asked (the hotter, the better). A die-hard Arsenal fan, he's always ready to cheer on his team, no matter the match. When he's not watching soccer or, erm, *football*, you can find him rolling dice and battling dragons with his friends in epic D&D sessions. A true optimist, Elgin's positive thinking is as contagious as his love for life!
