

### **Staff Impression Montero 14408**

Montero is extremely handsome, with a chiseled square jaw and chin, a wide smile, straight teeth, and dimples right below his full cheeks. His eyes are a rich dark brown that light up when he smiles. He is clean shaven with trimmed brown eyebrows and a stylish slicked back comber. He is usually seen in a plaid button up, all the way buttoned to the top, crisp dark blue jeans, watch on his wrist and a chain, with laced up boots to match the color scheme.

Montero is very smooth, and charming and not without a personality. Hobbies include some you would expect, going to the gym and spending time adventuring through nature with his friends, and unique ones! Such as walking his cat, going to the racetrack, watching Disney films, and visiting as many museums as possible. He has traveled a lot due to his profession in the Navy and has taken advantage of the opportunities to visit museums, eat incredible food, and make friends. Montero is open minded and versatile when it comes to music and food, not being shy about experimenting from his many travels and enjoying whatever music he's in the mood for that day. Montero is an older sibling, and that sense of responsibility is not lost on him. He looks to provide an example of what can be done through hard work and the dedication required to reach his goals. Montero has all the attributes of a great donor, and we highly recommend him!
