

### **Staff Impression Cecil 16019**

Cecil is hardworking, thoughtful, cheerful, and adventurous. He knows three languages aiding him in his travels to different countries around the world. He is tall and athletic, sporting a black puffy jacket and sweatpants. He is clean-shaven with a buzzcut that sticks straight up and tapers on the sides. His face is long and rectangular, with a round dimpled chin. His lips are thin and he has a kind smile, thick rectangular, blonde eyebrows, and bright hooded blue eyes. His nose is long, points downward, and has narrow nostrils.

Cecil is quite busy as an anesthesiologist! He is proud to have reached his professional goals and wants to continue to invest in his future by staying committed to his job. In his free time, he loves enjoying life by reading SC-FI, traveling to his favorite countries, and trying new food! He has a wide variety of interests and an optimistic view of the world! We are so excited to have Cecil, someone so well-traveled and invested in continuing to experience new places and food, in our program!
