

Weaver Staff Impression

At 6'3" Weaver could be imposing and intimidating, however, he's compassionate, full of energy, generous and kind, not to mention, very easy on the eyes. A natural athlete, he maintains his fit frame with frequent weightlifting and regular participation in group and solo sports like volleyball, golf and surfing. From his paternal German side, he gets his lovely, clear fair complexion. The rest of his physical attributes come from his maternal Italian roots. He has enviable thick, wavy brown hair and intense, soulful round green eyes. Weaver has an oval face shape, full pouty lips, and a contagious smile.

Having obtained his degree in business administration he is currently working as a consultant and is working towards his goal of owning his own business. He is also very musically inclined playing various instruments as well as mixing and producing music. Music is and has always been an important part of Weaver's life and he hopes to pursue it in some capacity in the future. The wonderful relationship he has with his parents and sibling have taught him the value of unconditional love, someday he wants to show that same love to his own children and family.
