

### **Danner Staff Impression**

Danner is quite cute. He stands just under 6ft tall with a slender but athletic build. He is very active, engaging in multiple sports like basketball, snowboarding, and golf. He has almond-shaped green eyes and brown, wavy hair. Danner has a clear, fair complexion, full pink lips, and a coy smile.

Danner obtained a degree in Business Administration and Political Science and hopes to someday make a difference by leading and teaching those around him. In addition to being a natural leader, Danner is outgoing and kind. He developed these traits while helping to take care of his younger brothers and guide them through the world. Danner is well traveled, driven, and likable. We expect great things for Danner and believe he is a great choice for anyone seeking a donor.
