

Franklin Staff Impression

Franklin has a rounded face with a handsome square chin. He has big, dark brown eyes, and a wide, engaging smile with full lips and straight white teeth. He has a medium build with a strong core and a solid frame.

Franklin has an amazing energy and a great attitude that are truly infectious! He has a charming, laid-back demeanor, and loves to chat and ask questions. He is funny, kind, and sincere. Franklin is a CPA, so he is obviously great with numbers. He also has a strong background in both music and sports, so it's easy to say he is well-rounded and multi-talented, with a desire to try new things and explore new ideas. We love having Franklin in our donor program, and we strongly recommend him as a donor!
