

Aspen Staff Impression

Aspen has light brown wavy hair atop his blue eyes and friendly smile. He stands 6'1" tall and has a large build, with lightly freckled fair skin. He is an incredibly kind person and lives by the principle of, "Do unto other as you would have them do unto you." He was raised with this philosophy and strives everyday to follow this noble notion.

Aspen is an engineer and currently a student in the field of computer science. He is very much so mechanically inclined and enjoys using his skills to build, rebuild, and solve problems analytically. In his free time, he enjoys reading, particularly magazine periodicals like *The Economist* and *National Geographic*. Aspen is also an avid sports enthusiast. His favorite sport is soccer, but is a fan of surfing, softball, and basketball as well. Aspen is a great choice for a donor and we are glad to have him!
